## L'ANNEXE EXPO

A new temporary exhibition every year!

From 6 April to 1 September 2019

### "ILLUSIONS"

7 years and up  
Running time: 1 hour and 15 minutes

#### RECONSIDER YOUR PERCEPTION OF REALITY

What is an illusion? How and why can our senses trick us? Are you ready to sample reality as you've never experienced it before?

Awaken your senses and give perceptions free rein in this fun, educational exhibition made up of 28 interactive and experimental modules.

The exhibition is a three-dimensional journey experienced through three of the senses: sight, sound and touch. An illusion is an interpretation of the world around us, a phenomenon triggered by our senses and translated by the brain.

From physical surroundings to the digital world, the exhibition's features overhaul our perceptions through augmented reality, auditory illusions and Ames room distortions...
